William J. Casey
Director of Central Intelligence
Washington, DC 20505

Dear Sir:

As the newly appointed Chairman of the ASIS Government Security Committee for 1981, I have been requested to develop a government security program for the ASIS 27th Annual Seminar which will be held in New Orleans, August 31 - September 3, 1981.

The theme for this year's Annual Seminar is "New Concepts/Old Traditions". Each Seminar brings challenges to those involved, and this year's challenge is to be innovative.

Our current membership includes between 15-16,000 members, with 27% being involved in the government security program and vitally concerned with threats to national security, their industrial vulnerability and possible countermeasures.

On Wednesday, September 2, 1981 we would like to extend an invitation to [redacted] to represent CIA on a panel with [redacted] from the NSA with a report from the Intelligence Community. We can provide a degree of screening, requesting clearances in advance should they be necessary. With your approval, we believe [redacted] participation would benefit our membership with the expertise of your agency.

We recognize travel funds are limited and therefore, with your approval, would provide travel fare plus one night's hotel accommodation for [redacted]

I look forward to hearing from you.

Sincerely,

A handwritten signature in cursive script, appearing to read 'S. E. Jackson'.
S. E. Jackson, Chairman
Government Security Committee

This acceptance of an invitation to address the ASIS Seminar is based on direct benefit to the Agency. The security measures and criteria associated with industrial contracts represent a dynamic of joint interest to us and our contractors; the Seminar is an ideal forum to surface and address mutual problems and concerns. (Note: I have already discussed this matter with Bob Gates. He suggested handling in this manner.)
